

## *Extreme Life*

We had a total of 17, which was great, but the best part was that six were new faces! We had a game night, played an icebreaker, and shared from the Word. Edgar made this checkers board and finished up the ping-pong table that he started making with my dad just in time for the event!

This week we started up a new HOPE group, called Extreme Life, for young adults 18-30 years old. There are two purposes for this group. One, as always, is to share Jesus with those who still don't have a relationship with Him. The other is fellowship. Since our church is just four years old, we've never had a young adult ministry until now.

## *A Visit from Home, A Blessing for Many*

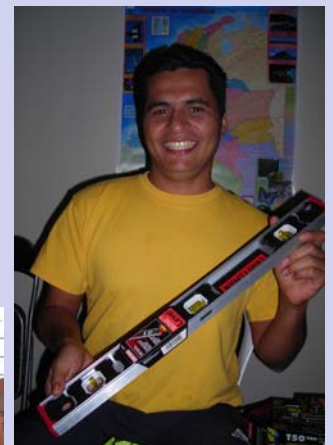

their gifts to serve. While here, they shared with our HOPE groups, with pastors and churches in Guanacaste and San Jose, and hosted an all-day workshop for our church family. Each shared about what the Lord has taught them in their specific area of ministry. Our church came thirsty to learn.

This month we received an extra special blessing- my parents came down as part of my home church's mission pre-trip! They will be bringing teams down this summer to support LADO's outreach projects. They came not only to prepare themselves to lead the teams, but also came willing to use

## MUCHAS GRACIAS!

A big thanks to all who pitched in to buy tools for our house and our future construction projects!
