

New Ministry Kicks Off

Edgar and I were thrilled to hear that four families were willing to open the door of their homes and host a HOPE group. HOPE groups are evangelistic small groups in which we study a video curriculum.

We met with the individuals willing to facilitate a group, explaining the curriculum and preparing them to lead a group.

Tonight our first HOPE group begins!

Last Words

July 14th I received a call from home. My aunt, at the age of 53, had passed away after a 9-year fight with cancer. I left the next day to be with my family.

At visitation, we talked about Aunt Pat's greatest concern. It was always for others, especially her family.

I also learned that before dying, Pat shared with a pastor her desire for her family to know the Lord and be with her in heaven.

It made me think about Jesus' last words and

Edgar and I will be attending the first few meetings of each group, making sure the leaders are comfortable and answering any questions there may be.

We know that only the Holy Spirit touches hearts and changes lives. We are praying that God moves through these groups in powerful ways, that the people come with open hearts, and that the seed of the Gospel falls on good soil and takes root.

his concern for God's family. From the moment he came into the world until the day he left to return to his Father, his heart's one desire was for his family to know the love of the Father and spend eternity with Him in heaven.

I know the family will never forget Aunt Pat's last words. They tend to ring in our minds and even change the way we live. My prayer is that as part of God's family, Jesus' last words to go and make disciples of all nations will impact the way we live and think as well.
