

## *Extreme Life Develops a Ministry Team*

It has been super exciting to see the young adults ministry take off! It's hard to believe so much has happened in just one month. God has already provided us an awesome ministry team of six of the young adults. They are meeting with us once a month to pray and plan. They have been so

### **We start each week with games and fellowship.**

willing to help out. They have brought snacks and drinks, prepared the message and the icebreaker, and developed relationships with one another and our visitors. When we come together in fellowship, seek after the

Lord and lift one another up in prayer, we truly become the *family* of God. God never planned for us to do it on our own. From the trinity, to marriage, to Jesus' twelve disciples-it's always been about unity. Praise the Lord that's what we're experiencing in this group!

"Pass the Orange"-one of many icebreakers

## *Gettin' Ready*

This summer's mission teams are forming and preparing for their construction project in the mountains of Guanacaste. They will be camping out while helping construct the church

and improve the conditions of the school building. Some of their many projects will be building a children's classroom in the church, along with

The well that they draw water from is highly contaminated.

painting it, and fencing it in. In the one-room school building, they will be painting, constructing a bathroom where there is now an out-house, constructing a

storage closet and bookshelves for a library, and collecting school materials. Finally, they will install a water purifier for the community.

As always funds are needed to cover the teams' expenses as well as materials for the project. If you're interested in helping support our teams, read the attachment about the All-You-Can-Eat Pancake Breakfast at Applebee's.

May this community be touched for eternity!

## **PRAYER REQUESTS**

- ◆ Extreme Life - continued fellowship and spiritual growth.
- ◆ Our church - that God would continue growing our relationships and the unity as a church family. That God would restore marriages and bring healing to families.
- ◆ For our trip to the states this fall to raise support. That God will open the doors for us to go and share with churches and individuals.
